EUROPEAN COMMISSION
European Research Area

SEVENTH FRAMEWORK
PROGRAMME

Funded under Socio-economic Sciences & Humanities

EUROPEAN UNION

Committee
of the
Regions

OBJECTIVE

To disseminate the scientific results from the project to the academia, research institutes, firms, policy makers and other stakeholders in order to the key actors to be informed of the scientific evidence in their respective area.

Specifically, the scientific results of the project addressed to the Academia, Research Institutes and Administrations will be presented in the first part of the Final Conference.

The main part of the Final Conference will be devoted to presenting and discussing the policy implications with a policy-maker oriented perspective.

The research done will be discussed with other academic members, with representatives of different levels of government (local / regional / national / European levels), as well as other stakeholders that might be interested in the results achieved in the project.
