

LIVING IN GERMANY

Survey 2005
on the social situation
of households

Supplementary Biography Questionnaire

This questionnaire supplements the information provided in the green questionnaire "individual question form". It contains information on individuals who were surveyed only once.

Please note that young people **born in 1988** should fill out the red supplementary questionnaire "youth" instead.

Your participation is voluntary. The scientific meaningfulness of this investigation, however, depends on the participation of **all** individuals in **all** households.

Therefore, we ask that you either:

- allow our representative to carry out this interview; **or**
- carefully fill out the questionnaire booklet yourself.

Before handing over the questionnaire, please enter in accordance with the address log:

Skip to question. . . !

If you answered "yes" to this question, go on to the next question!

If you answered "no" to this question, then go on to the question indicated as above right "Skip to question...!"

And one more request:

This answers you have entered in this questionnaire are recorded using modern scanner technology.

There is no doubt that you have seen this technology in use: at every large supermarket, the cashier at the checkout runs each product across a scanner that "reads" the bar code on the label and automatically records the price. We "read" this questionnaire in a very similar way. For this to work, the following is crucial:

- use only black or blue ball-point pen
- print clearly
- make sure that all marks stay within the boxes or spaces provided

Thank you! By doing this, you make our work much easier!
