

Climate Friendly Materials (CFM) Traction Joint Workshop

Monday 14th December 2020

12:00 – 14:00 (CET)

CFM Traction (Climate Friendly MaTeRials - mArket CreaTion through pOlicy iNnovation) project invites you to join a small-scale joint workshop with key stakeholders in industrial decarbonisation across German and Poland. We are bringing together key voices to discuss the results from our series of national workshops, to discuss and compare perspectives on the national level between the two countries.

AGENDA

Timing	Item	Lead
12:00 – 12:05	Welcome and Introduction	Andrzej Błachowicz
12:05 – 12:10	Reflections from workshops	Aleksander Sniegocki
12:10 – 12:15	Reflections from workshops	Karsten Neuhoff
12:15 – 12:35	Round introductions with participants invited to share a key take home from the national workshop they attended	Andrzej Błachowicz
12:35 – 13:15	Open discussion on the Climate Contribution: Participants will be grouped into fours to discuss guidance questions (10 mins): <ul style="list-style-type: none"> • What do you foresee as the major challenges? • Where are the opportunities? • Are there similarities and differences between each country? Return to the group for feedback and discussion.	Karsten Neuhoff
13:15 – 13:55	Open discussion on the Carbon Contracts for Difference: Participants will be grouped into fours to discuss guidance questions (10 mins): <ul style="list-style-type: none"> • What do you foresee as the major challenges? • Where are the opportunities? • Are there similarities and differences between each country? Return to the group for feedback and discussion	Aleksander Sniegocki
13:55 – 14:00	Conclusion and close	Karsten Neuhoff
