Reading Aid

This representation of the questionnaire contains the same information as the portal paneldata.org.

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or information is stored in more than one dataset.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Help1 How should the questionnaire be filled out?

Help2 Make an X in the box next to the answer option that you think comes the closest. If you make a mistake, clearly cross out the wrong answer and make an X in the correct box.

Example:

Yes ☐ 1
No ☐ 2

Help3 If you change your mind and decide that you want to select the answer that you just crossed out, you will need to clearly cross out the second mistake and then make a circle around the box you had crossed out first.

Example:

Yes ☐ 1
No ☐ 2

Help4 When filling out the questionnaire, please pay attention to the instructions for each question:

Example: Please select one answer only.

Help5 If there is a blank for you to write your answer in, please print your answer in the blank:

Example:

Country:

Help6 Sometimes you are asked to give numerical answers. Please enter your answer by aligning numbers to the right in the spaces provided:

Example:

Number:

Help7 If you should skip certain questions, there will be specific instructions:

Example:

Yes ☐ 1

Help8 Please pay attention:

– use only a black pen to fill out the questionnaire. – that the information is clearly legible. – and that the information is inside the boxes.

This makes our work much easier. Thank you very much!
