SOEP Survey Papers
Series A – Survey Instruments (Erhebungsinstrumente)

SOEP-IS 2014 – Questionnaire for the SOEP Innovation Sample (Update soep.is.2016.1)

SOEP-IS Group
Running since 1984, the German Socio-Economic Panel study (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey’s data collection and data processing. The SOEP Survey Papers is comprised of the following series:
Series A – Survey Instruments (Erhebungsinstrumente)
Series B – Survey Reports (Methodenberichte)
Series C – Data Documentation (Datendokumentationen)
Series D – Variable Descriptions and Coding
Series E – SOEPmonitors
Series F – SOEP Newsletters
Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at http://www.diw.de/soepsurveypapers

Editors:
Dr. Jan Goebel, DIW Berlin
Prof. Dr. Martin Kroh, DIW Berlin and Humboldt Universität Berlin
Prof. Dr. Carsten Schröder, DIW Berlin and Freie Universität Berlin
Prof. Dr. Jürgen Schupp, DIW Berlin and Freie Universität Berlin

Here, in addition to the question number, question text, interviewer instructions, and answer options, you find printed in green the file name and the variable name with the variable label, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set. The routing by filters is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a “go to” command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].
About this Questionnaire

Innovative Modules Surveyed in 2014

- Cross-Cultural Study of Happiness and Personality (Uchida & Trommsdorff)
- Day Reconstruction Method (DRM; Lucas & Donnellan)
- Determinants of Attitudes to Income Redistribution (Poutvaara, Kauppinen, & Fong)
- Expected Financial Market Earnings (Huck & Weizsäcker)
- Experience Sampling Method (ESM; Lucas & Donnellan)
- Finding Efficient Question Format for Long List Questions (Herzing & Schneider)
- Flourishing State (Mangelsdorf & Schwarzer)
- Inattentional Blindness (Conley, Chabris, & Simons)
- Individual & Age Differences in Decisions from Description and Experience (Mata, Richter, Josef, Frey, & Hertwig)
- Justice Sensitivity (Baumert, Schlösser, Beierlein, Liebig, Rammstedt, & Schmitt)
- Lottery Play: Expenditure, Frequency, and Explanatory Variables (Beckert & Lutter + Oswald)
- Major Life Events (Luhmann & Zimmermann)
- Measurement of Self-Evaluation and Overconfidence in Different Life Domains (Ziebarth, Arni, & Goette)
- Separating Systematic Measurement Error Components Using MTMM (Cernat & Obersky)
- Short Form of the "CHAOS" Scale (Rauch)
Q2 Please choose a sample!

This information you can find at the label of the folder for the household

Sample I E 1
Sample I 1 2
Sample I 2 3
Sample I E 4

Q2: sample ppfad psample Sample Member

Q5 In which month were you born?

January 1
February 2
March 3
April 4
May 5
June 6
July 7
August 8
September 9
October 10
November 11
December 12

Q5: LGBMO pple0003 Month of birth
Q5: LGBMO ppfad gebmonat Month Of Birth

Q6 Is the respondent respectively the person who answers the questions about the household the head of the household?

The questions on the household should be answered by the person who knows most about the concerns of the total household and the other household members. Important Note: The questions on the household have to be filled out once for each household. Without this question part all other questions would be useless for data analysis!

Answer questions about the household 1
Skip questions about the household 2

Q6: hh hikk0005 ID number of person interviewed

Q6: HH=1

Q7 We now proceed with the actual survey. First, we will ask questions about your household in its entirety.
Q8 Did you already live in this dwelling at the time of our last survey approximately one year ago?

Attention: If the household is questioned the first time at this address, or if there is the hint "New address of..." above the address in the protocol, then you have to answer this question with "No"

### Q3203 What is the power of this construction in kwpeak?

*Kilowatt peak refers to the maximum the construction can deliver. This value is the power the solar panel generates in a standardized test environment, and serves as a neutral standard of comparison. Sometimes producers call it “nominal output”.*

Power in kWpeak

**Q3203:PREN1** inno pren1 Power in kWpeak

Don’t know

Q3406 Does someone in your household own an e-bike?
We refer to a bike with electric motor, which contributes in maximum 250 watt power to the speed of up to 25 km/h. We do not mean a small-engine motorcycle for which one needs a driver’s license.

Yes 1  
No 2  
No answer -1  
Q3406:PREN16 inno pren16 Does someone in your household possess an e-bike?

Q3407 How many e-bikes are there in your household?

Number of e-bikes in household

Q3407:PREN18 inno pren18 How many e-bikes are there in your household?

Q3408 Do you separate waste, for example plastic or paper?

Yes 1  
No 2  
No answer -1  
Q3408:MUELL=1  

Q3409 Why do you separate waste?

Please show list 34A!  
Please mark all that applies.

Because also my contribution to waste separation counts. 1  
Because one should separate one’s waste. 1  
Because I would have a bad conscience, if I did not separate waste. 1  
Because I want to go ahead as a good example. 1  
Because separating waste keeps the household in order. 1  
Because the people in my neighborhood also separate waste. 1  
Because the waste disposal will become more expensive, if I do not separate waste. 1  
No Answer 1  

Q3409:MUELJ1 inno muelj1 Because my contribution to garbage separation counts.
Q3409:MUELJ2 inno muelj2 Because one should separate the garbage.
Q3409:MUELJ3 inno muelj3 Because I would have a bad conscience if I did not separate my garbage.
Q3409:MUELJ4 inno muelj4 Because I want to set a good example.
Q3409:MUELJ5 inno muelj5 Because separating garbage helps keeping the household tidy.
Q3409:MUELJ6 inno muelj6 Because people in my neighbourhood separate their garbage.
Q3409:MUELJ7 inno muelj7 Because garbage collection is more expensive if I do not separate.
Q3409:MUELJKA inno mueljka Why do you separate your garbage? NA
Q3408:MUellan=2
Q34100 Why do you not separate waste?
Please show list 34B!
Please mark all that applies.

1. Because there is no difference, whether I separate waste or not.
2. Because there is no reason to separate waste.
3. Because I don’t care, whether my waste is separated or not.
4. Because the cost of separating waste are larger than the advantages.
5. Because separating waste is time consuming.
6. Because the people in my neighborhood also do not separate their waste.
7. Because the waste disposal will not be significantly more expensive, if I do not separate waste.
8. No Answer

Q34100:MUelln1 inno mueln1 Because it makes no difference if I separate or not.
Q34100:MUelln2 inno mueln2 Because there is no reason to separate one’s garbage.
Q34100:MUelln3 inno mueln3 Because I do not care whether my garbage is separated.
Q34100:MUelln4 inno mueln4 Because the costs of garbage separation outrun the advantages.
Q34100:MUelln5 inno mueln5 Because garbage separation is too time-consuming.
Q34100:MUelln6 inno mueln6 Because people in my neighbourhood do not separate their garbage either.
Q34100:MUelln7 inno mueln7 Because garbage collection is not more expensive if I do not separate.
Q34100:MUellnka inno muelnka Why do you not separate your garbage? NA

At least once a week  1
At least once to two times a month  2
only a few times a year  3
More rarely respectively I do not play lotto  4
No answer -1

Q73  How much money did you spend on lottery tickets within the last month?
If you do not know the sum in detail, please estimate.
in Euro last month

Q75  Do you usually play by yourself or together with others?
Alone  1
Together with others  2
Both  3
No answer -1

Q76  Have you ever won a lottery prize of more than 1,000 euros (or the equivalent in earlier times in DM or Ostmark)?
Yes  1
No  2
No answer -1

Q77  In the following, I read out several statements. Please respond to each statement how much you agree with it, on a scale ranging from 7 = “I fully agree” to 0 = I don’t agree at all.”
Please answer using the following scale from 0 to 7, where 0 means “I do not agree at all” and 7 means “I completely agree”. You can weigh your answers using the steps between “0” and “7”. Show list 77A!

Q84:VORNAB1  inno  ivornab01  Outrage: Someone is undeservedly worse off than me.
Q84:VORNAB2  inno  ivornab02  Outrage: Someone reaches objectives only with great effort.

Q2:SAMPLE=1,2

**Q85** And how about situations which result in your advantage and others disadvantage, without you personally penalizing, exploiting or treating someone else unfair? How appropriate are the following statements?

*Please answer using the following scale from 0 to 5, where 0 means “totally disagree” and 5 means “totally agree”. You can weigh your answers using the steps between “0” and “5”. List 83 is available!*

Q85:VORNAC1  inno ivornac01  Feelings of guilt: I am undeservedly better off than others.
Q85:VORNAC2  inno ivornac02  Feelings of guilt: I reach objectives without any great effort.

Q2:SAMPLE=1,2
Q86 Finally it is about situations in which you are penalizing, exploiting or treating someone else unfair. Please indicate to what degree you agree with the following statements. Please answer using the following scale from 0 to 5, where 0 means “totally disagree” and 5 means “totally agree”. You can weigh your answers using the steps between “0” and “5”. List 83 is available!

Q86:VORNAD1  inno ivornad01  Feelings of guilt: Enriching myself on the expense of others.
Q86:VORNAD2  inno ivornad02  Feelings of guilt: Reaching objectives through trickery

Q861_intro At the following pages you will see on each screen five word formations. In each row is always just one real German word which you should know. If you find it, please point on it; You have to touch the screen at the appropriate area. If you do not know any of the words at a page, please guess. Work at your own pace; you have as much time as you want. Please show the interviewee, if necessary, how he can activate the word of his choice and how to get to the next page using “>”. Please turn the screen that way, so the interviewee can answer the questions in person and unobserved.

Should the participation in this test be impossible for important reasons (e.g. language problems), you can stop this test here.

Q861:WORTTEST=1
T8612 Among 36 words you recognized x words right.
Please turn the screen. The following entries are undertaken by the interviewer!
T8612;f025richtig cognit f025r Sum Of Correct Words

Q862_intro We have prepared a little test for you, which is called “Signs and numbers”. This exercise you can practice before. Please consider this row
Turn the laptop that way, so the interviewee can also look at the screen.
In this exercise there is for each number for 1 to 9 a certain sign assigned (see row above). The task is to type the right numbers for each sign, and moreover as fast as possible.
Should the participation in this test be impossible for important reasons (e.g. visual impairment), you can stop this test here.
start test
Do not conduct test, because

Q862_ZZSTART=1
Q862_zB Here we have an example for a solution: <row of signs> <row of numbers> <task row of signs> <solution row of numbers>

Q862_ZZSTART=1
Q862_intro2 Please show the interviewee, how the numerical entry works with the keys from 1 to 9 and one can forward the page using the enter key.

(Regarding our attempts we could yield the fastest result by using the left hand for typing in the numbers and the right hand for using the enter key.)

Please observe the whole process, so you can help in case of problems with the entry. Should this occur, please take a note after the test!

In no case influence the interviewee regarding the recognition of signs.
Please hand over the laptop to the interviewee now.
You can now get familiar with the test with the help of some examples.

Q862:ZSTART=1

What number belongs to that sign? Sign: Number:
Entry number and then speedy to the next page!

1 2
3 4
5 6
7 8
9

Thank you, that was an example. Now the real task follows. You have 1 1/2 minutes. Can we start?
The test is constructed that way, so the interviewee can type in the numbers in person.
Should this not be possible for any reasons, the entry can be maid by the interviewer as an exception.
The test than changes to the effect, that the interviewee has to tell the interviewer the number and
the interviewer types in.
Can we start?
Yes, start (respondent types him-/herself) 1
Yes start (Interviewer types in as an exception) 2

What number belongs to that sign? Sign: Number:
Entry number and then speedy to the next page!

Q98; lpnat

**Q99** Have you had German citizenship since your birth, or did you acquire German citizenship later?
Since birth 1
At a later date 2
No answer -1
In the following, it is about partnership and marriage. The questions are always asked in terms of the relationship, regardless of whether you got married in this relationship or not. Whether you have been married in the particular relationship or not will be clarified in subsequent questions. The questions are about both, the current relationship, as well about former relationships. We begin with the current relationship and then ask you retrospectively about the steady relationships you had before. Concerning the previous relations, we speak of a steady relationship if it lasted six months or longer.

**Q101** Are you in a serious/permanent relationship?

- Yes
- No
- No answer

**Q102** Please state the first name of your partner.

*Please enter the name of your partner correctly and do not go further with just pressing “enter” two times (the name will reappear in some questions).*

Enter first name:

**Q103** Since when have you been in a relationship with <first name>?

since year:

**Q104** Does your partner live in this household?

- Yes
- No
- No answer

**Q105** When did you move in together with <first name>?

*It refers to the year of the first shared home.*

since year:
**Q106** Did you ever live with <first name> before?

Yes  1
No   2
No answer  -1

Q145:ain bioage1 cared for in creche/day nursery
Q145:AEIN1 = „Ja”

Q146 And how long does <name> attend this care giving facility normally?
real hours per day: 
Q146:AEIN15 bioage care1h cared for in creche/day nursery (in h/day)

Q147 Are there also other people (none household members) who are regularly involved in taking care of the child?

Yes, a day nanny outside of the household 1
Yes, a paid childcare provider comes to our home 1
Yes, relatives 1
Yes, friends, acquaintances, neighbors 1
No 1
No Answer 1

Q147:ABET5 bioage care2 cared for in family day care
Q147:ABET3 bioage care3 cared for by babysitter
Q147:ABET1 bioage care4 cared for by relatives
Q147:ABET2 bioage care5 cared for by friends or neighbors
Q147:ABET4 bioage care6 no use of temporary care/ cared for solely by respondent

Q148 Now we ask you about <first name> Is <first name> currently attending a childcare facility, that is, nursery school, kindergarten, pre-school, or daycare?

Yes 1
No 2
No answer -1

Q148:BEIN1 X1 = „Ja”
Q149 And how many hours does <first name> usually spend at this childcare facility? Please specify the actual hours per day.
Actual hours per day: 
Q149:BEIN15 bioage care1h cared for in creche/day nursery (in h/day)

Q150 Are there also other people (none household members) who are regularly involved in taking care of the child? Multiple answers possible.

Yes, a day nanny outside of the household 1
Yes, a paid childcare provider comes to our home 1
Yes, relatives 1
Yes, friends, acquaintances, neighbors 1
No 1
No Answer 1

Q2:SAMPLE=3 & Q1:Lela=2

Q1921 In the following we ask you to give more detailed information on your educational attainment. We need this information to improve the questionnaire in future. Please enter the answers of the following questions yourself and read the questions carefully taking as much time as you need. If you have any questions, just get to the interviewer. After you have opened the following screen, please turn the laptop to the interviewee so s/he can look at the screen. If necessary, show the “next” button. Then turn the laptop so you cannot look at the screen anymore. Please do just intervene, if the interviewee needs help.

Q1922 How many years did you spend with school, apprenticeship and studies? This also includes in-firm training or dual training. Just consider trainings who lasted at least 6 months. Just enter full years. Please round decimal numbers. For example you should enter 6 years for 5,5 years. If you attended a preschool or similar before the 5th year of life, please do not consider this. If you did a doctorate or PhD, please just consider this with at maximum 4 years. Do not take into account professional labour market training or vocational skill acquisition (e.g. internship, trainee program) without attending a professional school, vocational school, university or other educational institution.

Years

Q1922:BILYEAR inno biyear Years of Education
Q1923 In which country did you achieve your highest degree for school, apprenticeship or university? This includes as well in-firm or dual trainings. If you are not sure what your highest degree is, please also state the country where you achieved your last degree.

Federal Republic of Germany 1
German Democratic Republic (Former East Germany) 2
Other country 3

Permanent contract 1
Fixed-term contract 2
No answer -1
Approximately how many people does the company as a whole employ?

Company as a whole means the corporate entity, which is defined as the contracting party in the employment contract. Regarding multi-branch companies we do not ask for the single branch, but for the superordinate corporate entity. Regarding multinational companies we ask for the superordinate German corporate entity, e.g. Deutsche Shell AG. Regarding civil service we ask for the respective administration, not civil service as a whole.

Q2632 Please enter the answers to the following questions into the computer by yourself. Please read the text carefully and take as much time as you need for the answer. If you have any questions, feel free to ask me.

After you will have opened the next screen, please turn the laptop this way, that the interviewee can look at the screen. If necessary, please show the “next” button.

Then, please turn the laptop this way, so you cannot look at the screen anymore. Do just intervene, if the interviewee needs help.

Q2630 vorfin1=1 | Q2631 vorfin2=1

Q2633 Imagine, you invest 50,000 EUR from your own wealth. You can distribute the sum on the following types of investment:
1. a federal bond of Germany, with an interest rate of 4% guaranteed. 2. the German index of stocks “DAX”, who covers the economic development of 30 large German concerns.
In the following we will pay you according to your decisions on a smaller scale.

Q2630 vorfin1=1 | Q2631 vorfin2=1

Q2634 You split, as described, the 50,000 EUR between federal bond and DAX. We will calculate the gain, which you investment yields.

For money you invest in the federal bond, this calculation is easy: With an interest of 4%, you yield for every 100 EUR you invest safe profit of 4 EUR.

If you make profit or loss with your investment in the DAX, depends on if the DAX in the next year will increase or decrease. If the DAX for example increases by 15%, then you yield for every 100 EUR a sum of 15 EUR. If the DAX decreases by 15%, you will lose 15 EUR for every 100 EUR. This is analogue for all other percentage changes.

In one year from now we will determine, how your investments developed, and pay you both sums on a smaller scale. For every 2,000 EUR you get payed 1 EUR.

You will receive the payment soon after the appointed date from TNS Infratest as a cash cheque by post, independently of whether you are still participate in this survey or not. You can take for sure that you will receive the gain of your investment!
In summary: The federal bond gives in every case 4% for sure, while the investment in the DAX is linked 1:1 to the development of the next year. Please take some time to think about, how you would like to split the 50,000 EUR between the two investments.

How much of the 50,000 EUR do you invest in the federal bond and how much in the DAX?

in the federal bond

in the DAX

Please pay attention that the sum of both has to be 50,000 EUR.

In addition we would like to know from you, how you expect the future development of the DAX.

State on the next screen where you expect the DAX to be in the next year, expressed in profit or loss and compared to the today’s value. We categorize the possible profits and losses into seven larger groups:

- loss between 60% and 90%
- loss between 30% and 60%
- loss between 0% and 30%
- profit between 0% and 30%
- profit between 30% and 60%
- profit between 60% and 90%
- profit between 90% and 120%

On the next screen you will find 20 boxes above each category. Please indicate how likely you find each profit and loss, by clicking on the boxes above the seven categories. One box refers to the frequency of 1 to 20, respectively 5%.

Please consider all for you possible developments of the DAX. By marking the boxes you show us how likely you expect a certain change of the Dax-value within each of the categories.

- If you for example do not mark any box in one category, you show us that you are sure, that this change of the DAX-value will not occur.
- If you mark one or two boxes in one category, you expect this change of the DAX-value to be possible, but very unlikely.
- More boxes - at maximum 20 in one category - indicate a larger likelihood.

Continue

Please mark now the 20 boxes according to your expectation on the DAX-profits and DAX-losses in the next 12 months. Please consider all for you thinkable possibilities. If you like to change your investment decision, please click “back”.

Please fill all fields, without gaps, from BOTTOM to TOP!
Q2639 Please also state, whether you expect the DAX rather to increase or decrease in the next year and in comparison to the today’s value.

Q2 SAMPLE=1,2

Einleitung_DRM We would like to know now, what you have done yesterday and how you felt at the same time. First we will ask you when you got up yesterday. Then we will ask you to reconstruct yesterday with the help of this booklet. Please think of your day as a sequence of episodes between 15 minutes and 2 hours. A sign for the end of an episode could be the change of the location, the end of an activity and the begin of another activity or the change of the participating persons. Regarding some episodes we will ask further questions.

Normally episodes should take between 15 minutes and 2 hours. But there can be activities who rest longer (e.g. working). These periods should also be registered.

Explanations of the scientific employer regarding the background of the module:
One of the goals of social research is it, to find out, which elements influence the quality of our life most. Therefore scientists need evaluations of people on how satisfied they are at the moment with their life. This question we pose every year at the end of the survey “Life in Germany”. But sometimes it is not sufficient to ask people general questions on satisfaction. For this reason
scientists started to ask for people’s feelings related to situations all over the day. This should help to get an impression how they feel about their life in certain moments. This allows for a more detailed picture of people’s lives. Thereby one can examine, how certain activities influence the quality of life day by day.

**Q266** When did you get up yesterday?

*Please use the following format HH:MM. You can type in the time in this format or select the time.*

Q266;q1 drm_a idm drm_a When did you get up yesterday?

**Q267** What did you do afterwards? If you did several activities at the same time, we are initially interested in the most important activity. Please select from this list:

*Please show list 267!*

- On the way to work / studies or from there homewards: 1

Q2:SAMPLE=3

**Q3221** We stick with the topic occurrences and changes and I ask you to type in the responses on the following questions by yourself. I will show you immediately how that works.

After you have opened the following, please turn the laptop to the interviewee so s/he can look at the screen, screen. Read out the question once and, if necessary, show briefly how the text input works. Show also the “next” button.

Then turn the laptop so you cannot look at the screen anymore. The interviewee is asked to type in the answer him-/herself. If there occur any reservations, please encourage the interviewee. Otherwise s/he should choose “No Answer”. Please do not type in the answer for the interviewee.
Q2: SAMPLE=3

Q322  Did there occur any other change in your familiar situation in the last year, which you did not mention yet? This refers to positive as well as negative occurrences and changes, which can concern all parts of your life.

*Please take some time for your answer and describe the occurrence or the change with some words. If you are ready, please click on the blue button top left “>”.*

Q2: SAMPLE=4 & Q5: GEB<1997

Q2621 Now we turn to special exercise, which is constructed to help to understand, how people make financial decisions, and how these decisions are related to demographic factors. We ask you to answer two different types of lottery exercises. Each of these contains four different lotteries. At the end of the today’s survey, we will pay you 2 of 8 of the totally 8 lotteries in cash. We will select those two randomly.

Start lottery game 1
I don’t like to participate, because 2

Q262: Schirm1_R1=1
Q2622
Please start the external program by using the “Enter” key.

Q2622 ATTENTION interviewer:
In the following an additional program will start for the reply. Please press just once the “next” button to leave this page and to get there. The activation of this program can take some seconds.
Please wait till a new window opens.
Should you see no new screen despite waiting, please call the hotline!
Thank you!
Q2623 Interviewer: Please check the household number including attended person number and adjust, if necessary.
Household-person-number: <household number>

Please read out: Please deal with the questions yourself on the computer. Read the questions carefully taking as much time as you need. If you have any questions, just get to the interviewer.

Subsequently, please click on START and then turn the laptop so you cannot look at the screen anymore. Please do just intervene, if the interviewee needs help. Should this occur, please take a note after the test!

START

Q262 Welcome!
Immediately we will present you two exercises about lotteries. Each of the exercises consists of four different lotteries. At the end of the today’s survey, we will pay you two of the totally eight lotteries 1:1 in cash and euros. Which two lotteries will yield your prize, will be selected randomly.
If you have any question, you can ask the interviewer at any time.

Q262_risk_01 In the following exercise we will present you 4 different lotteries one after another.
In each lottery you will see a certain number of boxes. On each box you will find the sum of money and the probability with which each amount can be drawn. In each lottery you have to decide for one box.
On the next page we will give you some more explanations together with an example.

Continue

Q262_risk_01_probe In the example below you can see 4 boxes. Each box is labelled by the sum of money and the probability with which the related amount can be drawn. Please look at all the information on the boxes and then decide for one among them: Once you click on one box, an amount is drawn. At the end of the survey, you will get to know which earnings you have yielded.
Example:
Please think about from which box you want to draw an amount. You can finally decide for one box by clicking on it.
50% 2 Euro / 50% 3 Euro
75% 5 Euro / 25% 1 Euro
90% 1 Euro / 10% 10 Euro
80% 4 Euro / 20% 2 Euro
In the lotteries after this example, we will draw an amount in each lottery according to your chosen box (after your final decision) and save the result. We will display all results of the lotteries at the end of both lottery exercises.

Do you have any question? Then please get to the interviewer. Otherwise you can start with the first lottery.

Please click on START.

START

Lottery 1 / 4  
final decision:  
From which box should we draw the amount?  
- 80% 4 Euro / 20% 0 Euro  
- 100% 3 Euro  
- 10% 34 Euro / 90% 0 Euro  
- 70% 4 Euro / 30% 0 Euro  

The amount is drawn and saved from your chosen box.

Now the next lottery follows.

Continue

Lottery 2 / 4  
final decision:  
From which box should we draw the amount?  
- 10% 32 Euro / 90% 0 Euro  
- 5% 68 Euro / 95% 0 Euro  
- 100% 3 Euro  
- 70% 4 Euro / 30% 0 Euro  

The amount is drawn and saved from your chosen box.

Now the next lottery follows.

Continue

Lottery 3 / 4  
final decision:  
From which box should we draw the amount?  
- 80% 4 Euro / 20% 0 Euro  
- 100% 3 Euro
The amount is drawn and saved from your chosen box.

Now the next lottery follows.

Continue

Lottery 4 / 4

final decision:
From which box should we draw the amount?

10% 32 Euro / 90% 0 Euro

1

100% 3 Euro

2

The amount is drawn and saved from your chosen box.

Thanks a lot! This part of the total exercise is done now.

Exercise 2
Each lottery consists of a certain number of boxes, which contain different sums of money. At the beginning you have no information about the amounts and related probabilities in the boxes. But you can collect this information as long and as often as you like by clicking repeatedly on the boxes. With each click you can see the drawn amount for a short time in that box. Afterwards this amount disappears and you can try again.

When you have collected enough information about the different boxes, you can make your decision which one to choose. You can initiate this by clicking “Decision” below the boxes.

On the next page we will show you an lottery example to illustrate the procedure.

In the example below you see 4 boxes. First of all you can click as often as you want on each box to gather some information, which amounts are in the box. If you click repeatedly on the boxes you will notice that the amounts can occur with different probabilities.

In the following you have to decide finally for one of these boxes. From your chosen box an amount is drawn. You will see this amount at the end of this survey, and it can be part of your total gain.

Example:
Please click several times on the boxes to figure out what amounts and related probabilities to draw them belong to each box.

Then click on “DECISION”
Q262_risk_02_probe2  final decision:
From which box should we draw the amount?
example 1
example 2
example 3
example 4

Q262_risk_02_probe3  In the lotteries after this example, we will draw an amount in each lottery according to your chosen box (after your final decision) and save the result. We will display all results of the lotteries at the end of both lottery exercises.
Do you have any question? Then please get to the interviewer. Otherwise you can start with the first lottery.
Please click on START.
START

Q262_risk_02_a  Lottery 1 / 4
Please click that often on the boxes, till you can decide for one.
DECISION 1

Q262_risk_02_a1  final decision:
From which box should we draw the amount?
20% 16 Euro / 80% 0 Euro 1
40% 8 Euro / 60% 0 Euro 2
80% 4 Euro / 20% 0 Euro 3
100% 3 Euro 4

Q262_risk_02_a2  The amount is drawn and saved from your chosen box.
Now the next lottery follows.
Continue 1

Q262_risk_02_b  Lottery 2 / 4
Please click that often on the boxes, till you can decide for one.
DECISION 1

Q262_risk_02_b1  final decision:
From which box should we draw the amount?
10% 32 Euro / 90% 0 Euro 1
20% 16 Euro / 80% 0 Euro 2
80% 4 Euro / 20% 0 Euro 3
100% 3 Euro 4
The amount is drawn and saved from your chosen box.
Now the next lottery follows.
Continue

Lottery 3 / 4
Please click that often on the boxes, till you can decide for one.
DECISION

final decision:
From which box should we draw the amount?
80% 4 Euro / 20% 0 Euro
100% 3 Euro

The amount is drawn and saved from your chosen box.
Now the next lottery follows.
Continue

Lottery 4 / 4
Please click that often on the boxes, till you can decide for one.
DECISION

final decision:
From which box should we draw the amount?
10% 32 Euro / 90% 0 Euro
100% 3 Euro

Thanks a lot! This part of the total exercise is done now.

Below you can see the amounts you have won so far for each lottery.
For your payment we will select now 2 out of the 8 lotteries randomly.
Please click STOP at a moment of your choice.
Below you can see the amounts you have won so far for each lottery. 
For your payment we will select now 2 out of the 8 lotteries randomly. 
Please click STOP at a moment of your choice. 
In lottery <x> you won <k> euros and in lottery <y> you won <l> euros. 

Q262_risk_03_c Your final payment is calculated as it follows: 
Bonus 1: <k> euros 
Bonus 2: <l> euros 
Payment: (<k> + <l>) euros 
Please get now to your interviewer. 
Thanks a lot for your participation! 

Q2624 Please turn the laptop in a way, so just you can look at the screen. 

Q2625 Please note once more the amount the respondent receives. 

Please only fill in at most one digit after the comma, e.g. xx.x, and use a decimal point instead of a comma. 

Attention: Should the lottery game not have shown up, please call the hotline! 

Q2626 Please indicate for the exercise “lottery” right before, how understandable it is formulated for the target subject and how you would evaluate the willingness to participate of the target subject. 
Evaluation by school grades: 
1 = "very good" 
2 = "good" 
3 = "satisfactory" 
4 = "sufficient" 
5 = "poor / fail" 
6 = "very poor / fail" 
Intelligibility 
Willingness to participate
Q2627
If necessary, please give additional explanations regarding the lottery game.
Yes, in fact: 1
No further explanation 2

Q262_end I confirm hereby, that I received the amount of <k+l> euros, which I yielded in the lottery game.
Signature recipient:
