Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Reading Aid

This representation of the questionnaire contains the same informations as the portal `paneldata.org`.

The diagram illustrates the structure of a questionnaire question. It shows a sequence of elements: a question number (Q72), question text, interviewer instructions, answer options (Yes, No, No answer), and a routing instruction (Q72;LSTA1=2). Below the routing instruction, there are two rows of variables: one for 'born in Germany' and one for 'Country Of Birth'. Each variable row includes a dataset name, variable name, and variable label. A legend indicates that green text represents the dataset name, variable name, and variable label. A grey bar is shown below the routing instruction, indicating an open or numeric answer.

question number	question text
Q72	Now we would like to know something about you personally. Were you born in Germany?
interviewer instruction	This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
answer options	Yes 1 No 2 No answer -1
in blue: identifier for filter	Q72;lsta1 bio I0013 born in Germany
in blue: filter with condition	Q72;LSTA1=2
grey bar: open or numeric answer	Q73;lsta2 bio I0016 Country Of Birth

in green:
dataset name
variable name
variable label

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].

intro2 How you came to Germany**6 Many people live in several different countries over the course of their lives. What about you? We're interested in finding out which countries you have lived in for more than three months. First of all, when did you first move away from the country where you were born? If you can't remember exactly, please give an estimate.**

What we are referring to here are stays in another country lasting more than three months. We are not referring to shorter stays such as vacations or visits to relatives.

172 The following questions deal with partnership and marriage or registered same-sex partnerships (eingetragene gleichgeschlechtliche Partnerschaft). All of these questions deal with your relationship, whether you are married or not. There are questions dealing with your current relationship and others dealing with past relationships. We will start with your current relationship and then ask you to look back on relationships you had before. In the case of past relationships, we are talking about relationships that lasted six months or longer.

Whenever referring to marriage, we are also referring to registered same-sex partnerships!

273 This is the end of the individual questionnaire. Thank you for the interview! But we do have one last request. It is increasingly important for scientific research to have information about people's employment histories and to consider this data in statistical analyses. To this end, we would like to link the survey data from this interview with the social insurance data from the Institute for Employment Research (IAB). This is only possible under German data protection law with your express permission. Of course, the decision is entirely up to you. Please take a moment to read the form.
