Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

## Reading Aid

This representation of the questionnaire contains the same informations as the portal [paneldata.org](http://paneldata.org).

The diagram illustrates the structure of a questionnaire question. It shows a sequence of elements: a question number (Q72), question text, interviewer instructions, answer options (Yes, No, No answer), and filter identifiers (Q72;lsta1, Q72;LSTA1=2, Q73;lsta2). The filter identifiers are shown in blue, and the question text and instructions are in green. A legend indicates that green text represents the dataset name, variable name, and variable label.

question number	question text
Q72	Now we would like to know something about you personally. Were you born in Germany?
interviewer instruction	This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
answer options	Yes 1 No 2 No answer -1
in blue: identifier for filter	Q72;lsta1 bio I0013 born in Germany
in blue: filter with condition	Q72;LSTA1=2
grey bar: open or numeric answer	Q73;lsta2 bio I0016 Country Of Birth

in green:  
dataset name  
variable name  
variable label

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].

**H1v** The first questions are about your household. When we ask questions about your household or persons in your household, this could mean you alone if you live alone in an apartment or an accommodation unit. However it can also mean the other people living there who together make up a household. As rule these are family members living together.

**H1** In what type of accommodation does the interviewee live?

In shared accommodation  1  
 In a private apartment, a private house  2
