Reading Aid

This representation of the questionnaire contains the same information as the portal paneldata.org.

**Q72** Now we would like to know something about you personally. Were you born in Germany?

*This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.*

- Yes 1
- No 2
- No answer -1

**Q72;LSTA1=2**

**Q73** What country were you born in?

Please enter the current name!

**Q73;LSTA2 bio l0016 Country Of Birth**

Here, in addition to the question number, question text, interviewer instructions, and answer options, you find printed in green the file name and the variable name with the variable label, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or information are stored in more than one data set.

The routing by filters is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].
The questions contains in this questionnaire are for all household members who were born in or before 1999. Your participation is voluntary, but the scientific relevance of this study depends crucially on the participation of every member of every household. We therefore cordially request that you either
- allow our staff member to interview you
or
- carefully fill out this questionnaire yourself.
