Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Intro The questions contains in this questionnaire are for all household members who were born in or before 1999.

Your participation is voluntary, but the scientific relevance of this study depends crucially on the participation of every member of every household.

We therefore cordially request that you either

B7 Your personal balance sheet

VIntro Wealth creation in all strata of the population is an important issue today, especially with regard to future pensions. That is why we try to obtain a reliable picture of the wealth situation of the Germans. We would like to invite you and ask you to participate in this project. To do this, we would like to work with you to create a personal “balance sheet” that also helps you gain an overview. You can be absolutely sure that your information will be kept confidential and will only be used for scientific evaluation.
