SOEP – The German Socio-Economic Panel at DIW Berlin

2019

SOEP-Core – 2017: Deceased Individual (with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Editors:

The variable names mentioned in this document belong to a collection of datasets, which is released with doi:10.5684/soep.v34.

Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.

The diagram shows a questionnaire entry for question Q72. On the left, labels with arrows point to specific parts of the entry:

- question number:** Q72
- question text:** Now we would like to know something about you personally. Were you born in Germany?
- interviewer instruction:** This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
- answer options:** Yes (1), No (2), No answer (-1)
- in blue: identifier for filter:** Q72;lsta1
- in blue: filter with condition:** LSTA1=2
- grey bar: open or numeric answer:** (indicated by a grey bar)

On the right, a legend explains the green text:

- in green:** dataset name (bio), variable name (I0013), variable label (born in Germany)

Below Q72, the entry for Q73 is shown:

- question number:** Q73
- question text:** What country were you born in? Please enter the current name!
- in blue: identifier for filter:** Q73;lsta2
- in blue: filter with condition:** (none shown)
- in blue: routing command:** 2 @ Q73
- in green:** dataset name (bio), variable name (I0016), variable label (Country Of Birth)

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue. Each variable is preceded by an identifier (which generally contains the question number, marked here with a yellow dotted line), which is given, if the variable is used in filters in a subsequent question. Such filters are usually shown (as gatekeepers) at the beginning of the question.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if the variable results in value of 2.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Intro First of all we, the team of “Living in Germany”, want to express our deepest regret for the loss of your family member.

For many people it is very hard to talk to strangers about dying and death. Nevertheless because of the inadequate knowledge in the scientific community about this topic we would like to ask a couple of questions.

We would like to know more about the last phase of your relatives live. Therefore we ask you kindly

- to answer our representative the following questions
- or carefully fill out this questionnaire by yourself.

0 Please enter according to address protocol.

Household number
