ihaapp – Happiness App I

? Now I want to show you a short movie. This movie will introduce an app - a program for your smartphone - to you. You can install this app afterward. This app "happiness in everyday life" is free and should help you to regard your well-being in detail. This way you can get more aware of what makes you happy and what does not. By using the app you take part in a survey which collects data on the well-being of the German population.
