SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing.

The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.

The diagram illustrates the structure of a questionnaire entry. It shows two questions, Q72 and Q73, with their respective text, instructions, and answer options. Below each question, there are identifiers for filters and variables, color-coded to indicate their function. A legend explains the meaning of the green text: dataset name, variable name, and variable label.

Label	Value
question number	Q72
question text	Now we would like to know something about you personally. Were you born in Germany?
interviewer instruction	This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
answer options	Yes (1), No (2), No answer (-1)
in blue: identifier for filter	Q72:lsta1
in blue: filter with condition	bio I0013 born in Germany
grey bar: open or numeric answer	Q73:lsta2
question number	Q73
question text	What country were you born in?
interviewer instruction	Please enter the current name!
in blue: identifier for filter	Q73:lsta2
in blue: filter with condition	bio I0016 Country Of Birth

Legend for green text:
 in green: dataset name, variable name, variable label

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Intro The questions contained in this questionnaire deal with the household as a whole and not with the individuals in the household. The questionnaire should be completed by the same person in the household who did it last year if possible.

Your participation is voluntary, but the scientific relevance of this study depends crucially on the participation of every household.

We therefore cordially request that you either:

- allow our staff member to interview you
- or carefully fill out this questionnaire yourself.

1 Before completing this questionnaire for Living in Germany, it is important to first find out whether anything has changed in your household situation since the last survey or if everything has remained the same. The first question deals with household composition—in other words, whether the same people are living in the same dwelling. Which of the following applies to your household?

[Surveyed in the same home or apartment at the same address:] with no other change, with the same person / same people 1

[Interview in the same apartment under the same address] but at least one person has joined or has left the household 2

[Surveyed for the first time in this home or apartment at this address] after a household from Living in Germany moved, after a new Living in Germany household was founded because one or more participants in Living in Germany joined the household 3

When did this change occur—in other words, when did you move into this new dwelling after a move / after moving out of an existing household? 4
