SOEP-Core – 2018: Biography (PAPI, with Reference to Variables)

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing.

The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)

Series B – Survey Reports (Methodenberichte)

Series C – Data Documentation (Datendokumentationen)

Series D – Variable Descriptions and Coding

Series E – SOEPmonitors

Series F – SOEP Newsletters

Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

Reading Aid

This representation of the questionnaire contains the same informations as the portal `paneldata.org`.

The diagram illustrates the structure of two questionnaire questions, Q72 and Q73, with various annotations. On the left, labels with arrows point to specific parts of the questions: 'question number' points to 'Q72'; 'question text' points to the main text of Q72; 'interviewer instruction' points to the teal-colored instruction text; 'answer options' points to the list of 'Yes', 'No', and 'No answer' with their corresponding values (1, 2, -1); 'in blue: identifier for filter' points to 'Q72:lsta1' in the variable list; 'in blue: filter with condition' points to 'Q72:lsta1=2'; and 'grey bar: open or numeric answer' points to the grey bar below Q73. On the right, a legend indicates that green text represents 'dataset name', 'variable name', and 'variable label'. The variable list for Q72 shows 'Q72:lsta1' (blue), 'bio' (green), 'I0013' (green), and 'born in Germany' (green). The variable list for Q73 shows 'Q73:lsta2' (blue), 'bio' (green), 'I0016' (green), and 'Country Of Birth' (green). A teal-colored 'go to' command '2 @ Q73' is also present between the two questions.

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

Intro This questionnaire complements information of the green personal questionnaire. Attention: Youth, born 1999 need to complete the red youth questionnaire. Your participation is voluntary but the scientific relevance of this study depends crucially on the participation of every member of every household. Therefore we ask that: You allow our representative to carry out this interview, or you carefully fill out the questionnaire yourself.

83 The following is about partnership and marriage. The questions are always asked in terms of the relationship, regardless of whether you got married in this relationship or not. Whether you have been married in the particular relationship or not will be clarified in subsequent questions. The questions are about both, the current relationship, as well as former relationships. We begin with the current relationship and then ask you retrospectively about the steady relationships you had before. Concerning the previous relations, we speak of a steady relationship if it lasted six months or longer.

If we are talking about matrimony or marriage, it is always meant registered same-sex partnership! Go through the columns sequentially from top to bottom - so first A from 1 to 6, then B from 1 to 6, etc. If you can skip something, this will be shown by an arrow and the place where you please keep go on. For example, B5, means continue with column B, 5th issue!
