DIW SOEP

Running since 1984, the German Socio-Economic Panel study (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)
Series B – Survey Reports (Methodenberichte)
Series C – Data Documentation (Datendokumentationen)
Series D – Variable Descriptions and Coding
Series E – SOEPmonitors
Series F – SOEP Newsletters
Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at http://www.diw.de/soepsurveypapers

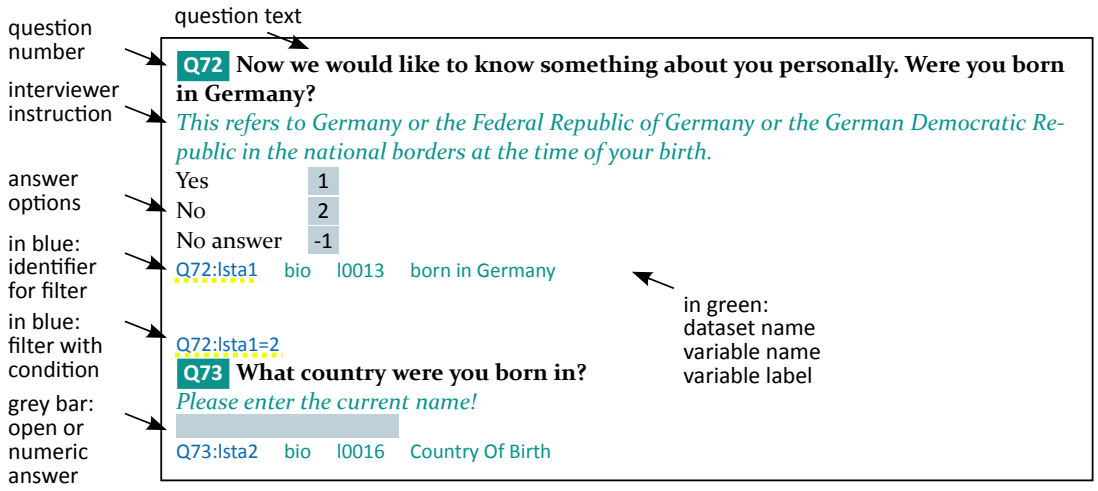
Reading Aid

This representation of the questionnaire contains the same informations as the portal paneldata.org.



Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines serveral variables or informations are stored in more than one data set.
The *routing by filters* is depicted in blue.
Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.
This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of serveral variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.
Phrases that are not alreday translated in English are displayed in German and preceded by [de].

Intro Household questionnaire green (German versions for households which did not move) with data protection sheet

Household questionnaire In this questionnaire, we are interested in the household in general and not just individual members of the household. The questionnaire should be answered by the head of the household or another member, who is well versed in the household –if possible by the person, who filled out the questionnaire last time. Your participation is voluntary. The scientific value of this study depends on all households participating. Thus, we ask you to allow – our staff to interview you – or to fill out the questionnaire yourself.
Before handing in the questionnaire, please fill out the address log:
