## SOEP-Core – 2021: Individual (M7-M8a, with Reference to Variables)

SOEP Group

Running since 1984, the German Socio-Economic Panel (SOEP) is a wide-ranging representative longitudinal study of private households, located at the German Institute for Economic Research, DIW Berlin.

The aim of the SOEP Survey Papers Series is to thoroughly document the survey's data collection and data processing. The SOEP Survey Papers is comprised of the following series:

Series A – Survey Instruments (Erhebungsinstrumente)  
Series B – Survey Reports (Methodenberichte)  
Series C – Data Documentation (Datendokumentationen)  
Series D – Variable Descriptions and Coding  
Series E – SOEPmonitors  
Series F – SOEP Newsletters  
Series G – General Issues and Teaching Materials

The SOEP Survey Papers are available at <http://www.diw.de/soepsurveyspapers>

## Reading Aid

This representation of the questionnaire contains the same informations as the portal [paneldata.org](http://paneldata.org).

The diagram illustrates the structure of a questionnaire question and its associated metadata. It shows the following elements:

- question number:** Q72
- question text:** Now we would like to know something about you personally. Were you born in Germany?
- interviewer instruction:** This refers to Germany or the Federal Republic of Germany or the German Democratic Republic in the national borders at the time of your birth.
- answer options:**
  - Yes (1)
  - No (2)
  - No answer (-1)
- in blue: identifier for filter:** Q72:lsta1
- in blue: filter with condition:** Q72:lsta1=2
- in green: dataset name, variable name, variable label:** bio I0013 born in Germany
- grey bar: open or numeric answer:** Q73:lsta2 bio I0016 Country Of Birth

Here, in addition to the *question number*, *question text*, *interviewer instructions*, and *answer options*, you find printed in green the *file name* and the *variable name* with the *variable label*, which contains information from the question. If you see rows of green lines below the answer option, the questionnaire defines several variables or informations are stored in more than one data set.

The *routing by filters* is depicted in blue.

Each variable is preceded by an identifier, which usually contains the question number and which is used when the variable is used in filters in subsequent questions. Such filters are usually placed as input filters (gatekeepers) at the beginning of a question. An identifier that is referred to in the input filter of a subsequent question is marked yellow as an example.

This reading aid does not cover a few exceptional cases: If the filter (as gatekeeper) only affects one of several variables for a question, the filter is printed in blue behind the variable. There you will also find a "go to" command in the form 2 @ Q73. Here, the questionnaire skips to question 73 if answer 2 was given.

Phrases that are not already translated in English are displayed in German and preceded by [de].

**171** Imagine a ladder representing the different social strata in Germany. At the top of the ladder, on the tenth rung, are the people who are doing best: They have the most money, the best education, and a highly prestigious job. At the bottom of the ladder, on the first rung, are the people who are doing the worst: They have the least money, the lowest level of education, and are unemployed or have a job that no one wants or respects.

Now please think about your children and their future. On a scale of 1 (bottom) to 10 (top), please indicate which rung of the ladder your children will be on when they are as old as you are now.

**206** In order to keep the interview as short as possible, we would like to include excerpts from data that the Institute for Employment Research at the Federal Employment Agency in Nuremberg has on you when evaluating the survey.

This includes, for example, information on employment relationships, phases of unemployment and participation in measures during unemployment, as well as company characteristics.

For the purpose of integrating this data into the interview data, I would like to ask you for your consent.

If this information is analyzed, it is absolutely guaranteed that all data protection regulations will be strictly adhered to and that the data will not be passed on to third parties.

Your consent is, of course, voluntary. You can also revoke it at any time by contacting the person at infas.

Do you agree to the transfer of data from the Institute for Employment Research of the German Federal Employment Agency?
